

Call for Papers: DMAIL 2026

The Second International Workshop on Data Mining and AI for Law

Workshop Website: <https://dmail-workshop.github.io/DMAIL2026/>

Co-located with IEEE BigData 2026, Dec 17, 2026, Phoenix, Arizona, USA

Introduction

Recent advances in large language models (LLMs), foundation models, multimodal learning, knowledge graphs, and big data analytics are rapidly transforming the legal domain. **DMAIL 2026** brings together researchers and practitioners from AI, data mining, NLP, information retrieval, legal informatics, and computational social science to explore intelligent legal systems, trustworthy legal AI, and scalable legal analytics. Building on the success of DMAIL 2025 at IEEE ICDM 2025, DMAIL 2026 aims to foster interdisciplinary collaboration on legal reasoning, legal information retrieval, foundation models, human-AI collaboration, fairness, explainability, and real-world legal AI applications.

Important Dates

- Workshop Paper Submission: **Oct 15, 2026**
- Author Notification: **Oct 25, 2026**
- Camera-ready: **Nov 15, 2026**
- Workshop Date: **Dec 17, 2026**

Workshop Organizers

- Haihua Chen, University of North Texas, USA; haihua.chen@unt.edu
- Nguyen Ha Thanh, VinUniversity, Vietnam; thanh.nh6@vinuni.edu.vn
- Joel Niklaus, University of Bern, Switzerland; joel@niklaus.ai
- Yang Zhang, University of North Texas, USA; yang.zhang@unt.edu
- Yu Fan, ETH Zurich, Switzerland; yufan@ethz.ch

Topics of Interest

- Foundation Models and LLMs for Legal AI
- Retrieval-Augmented Generation (RAG) for Law
- Legal Reasoning and Neuro-Symbolic AI
- AI-Assisted Judicial Decision Prediction
- Legal Text Retrieval, Understanding, Summarization, and Citation Analysis
- Multimodal Legal Analytics
- Knowledge Graphs for Legal Intelligence
- Agentic AI Systems for Legal Tasks
- Human-AI Collaboration in Legal Workflows
- Contract Analytics and Regulatory Compliance Mining
- Explainable and Trustworthy Legal AI
- Fairness, Bias, and Accountability in Legal AI
- Privacy-Preserving AI for Legal Systems
- AI Governance and Responsible AI
- Applications of Generative AI in Legal Practice
- Industrial Applications of Legal AI

Submission Guideline and Reviewing

- Submission Instructions:
 - Step 1: Go to DAMIL 2026 workshop in **Cyberchair**: <https://shorturl.at/5Pwpn>
 - Step 2: Click “Submit a New Paper” button to continue.
 - Step 3: Enter your paper information and then use the “Submit” button at the bottom of the form.
- Paper Length, Formatting, and Reviewing:
 - The length of each paper submitted should be no more than **10 pages**, and formatted following the standard 2-column U.S. letter style of **IEEE Conference template**: <https://www.ieee.org/conferences/publishing/templates>.
 - All submissions will be **double-blind reviewed** by the Program Committee on the basis of technical quality, relevance to the scope of the special session, originality, significance, and clarity.
 - Authors are also encouraged to submit supplementary materials, i.e., providing the **source code and data** through a GitHub-like public repository to support the reproducibility of their research results.
